Professional Summary

Full Stack Java Developer with 2+ year of experience in building scalable web applications using Java, Spring Boot, and Angular. Skilled in developing RESTful APIs, microservices architecture, and integrating frontend and backend systems. Experienced in CI/CD pipelines, unit testing, and Agile methodologies.

Technical Skills

- **Languages:** Java, SQL, JavaScript, TypeScript
- **Backend:** Spring Boot, Spring Data JPA, Hibernate
- **Frontend:** Angular, React
- **Testing:** JUnit, Mockito, Jasmine
- **DevOps & Tools:** Git, Jenkins, CI/CD, SonarQube, Insomnia
- **Architecture:** Microservices, REST APIs
- **Cloud & Hosting:** AWS (Basics), GitHub Pages, GoDaddy DNS
- **Methodologies:** Agile, Scrum
- **Testing:** Cypress

Work Experience

Full Stack Developer
Fidelity Investments

Sep 2024 – Sep 2025

- Developed responsive UI components using Angular, enhancing user experience for enterprise applications
- Built Angular components and integrated frontend with backend services
- Designed and optimized MySQL databases using Spring Data JPA and Hibernate
- Achieved 90% unit test coverage using JUnit and Mockito (SonarQube verified)
- Implemented CI/CD pipelines using Jenkins, reducing deployment time by 30%
- Worked in Agile Scrum teams and followed microservices architecture

Frontend Developer (Freelancer) [Remote]

July 2023 – Oct 2024

- Developed responsive and interactive frontend interfaces using HTML, CSS, and JavaScript for small business and portfolio websites
- Collaborated with clients to gather requirements and translate ideas into visually appealing web pages
- Implemented clean UI/UX designs with cross-browser compatibility and mobile responsiveness
- Optimized website performance and usability, improving page load times and accessibility

Projects

Gradmint Technologies Internship Portal (Live Website)

Angular 20, TypeScript, EmailJS

- Developed and deployed a fully responsive internship portal using Angular 20 with component-based architecture and modern UI/UX design
- Built dynamic sections including Internship Programs, How It Works, Success Stories, Application Form, Header, Footer, and smooth-scroll navigation
- Implemented Angular Reactive Forms with validations and EmailJS integration for automated internship application notifications

- Configured and deployed the application using GitHub Pages and integrated a custom domain through GoDaddy DNS management
- Optimized the website for desktop, tablet, and mobile devices using CSS Grid, Flexbox, and media queries
- Implemented reusable Angular standalone components and client-side routing architecture
- Designed the application to support future enhancements such as AI-powered chatbot integration and mentor management modules

Car Rental Booking System

Angular, Spring Boot, MySQL

- Developed a full-stack application for car rental booking with responsive UI
- Built REST APIs using Spring Boot and integrated with Angular frontend
- Implemented automated email notifications for booking confirmations
- Designed scalable and modular architecture

Quiz Management System (Backend)

Spring Boot, Microservices, MySQL

- Developed a scalable backend system to manage quizzes, questions, and user responses using Spring Boot
- Designed RESTful APIs for quiz creation, dynamic question retrieval, and automated score calculation
- Implemented centralized exception handling using **@RestControllerAdvice** for consistent API responses
- Built microservices architecture with **Eureka Server** for service discovery and registration
- Integrated **API Gateway** for routing, load balancing, and unified access to services
- Used Spring Data JPA and Hibernate with MySQL for efficient data persistence
- Managed and monitored database operations using MySQL Workbench
- Structured application using layered architecture (Controller, Service, Repository)

College Website (Live Demo)

HTML, CSS, JavaScript

- Developed a responsive website with structured UI/UX design

Education

B.Tech in Information Technology

2020 – 2023

Sreenidhi Institute of Science and Technology, Hyderabad

Diploma in Computer Science Engineering

2017 – 2020

TKR College of Engineering, Hyderabad

Certifications

AWS Cloud Virtual Internship (10 Weeks)

AWS Academy — EduSkills — AICTE

Oct 2021 – Dec 2021
